## **Affirmations/Assurances**

As the authorized representative of the applicant, I hereby certify that the information submitted in this application to renew the charter for the American River Charter School (“ARCS” or “Charter School” or “School”) located within the boundaries of Black Oak Mine Unified School District is true to the best of my knowledge and belief. I understand that if the charter is renewed, the Charter School is committed to the following affirmations:

1. American River Charter School shall meet all statewide standards and conduct all required pupil assessment tests, pursuant to Education Code Section 60605 and 60851, and any other statewide standards authorized in statute, or any other pupil assessments applicable to pupils in non-charter public schools.
2. American River Charter shall be deemed the exclusive public school employer of the employees of the American River Charter School for purposes of Educational Employment Relations.
3. The Charter School shall not enter into or bind the El Dorado County Office of Education to a contract in any way not authorized herein, nor to extend the credit of the El Dorado County Office of Education to any third party without the express written permission of the El Dorado County Office of Education.
4. The Charter School shall be non-sectarian in its programs, admission policies, employment practices, and all other operations.
5. The Charter School shall not charge tuition.
6. The Charter School shall not discriminate on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics). [Ref. Education Code Section 47605(d)(1)]
7. The Charter School shall admit all pupils who wish to attend the charter school and who submit a timely application unless the Charter School receives a greater number of applications than there are spaces for pupils, in which case each application will be given equal chance of admission through a public random drawing process.
8. Except as required by Education Code Section 47605(d)(2), admission to the Charter School shall not be determined according to the place of residence of the student or his or her parents within the State.
9. Preference in the public random drawing shall be given as required by Education Code Section 47605(d)(2)(B). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the Charter School in accordance with Education Code Section 47605(d)(2)(C). [Ref. Education Code Section 47605(d)(2)(A)-(B)]
10. The Charter School shall conduct its meetings of the ARCS Council in accordance with the Brown Act and comply with the Public Records Act (Government Code 6250 et seq.) as well as Education Code 47604.3.
11. The Charter School shall adhere to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004.

12. The Charter School shall meet all requirements for employment set forth in applicable provisions of law, including, but not limited to, credentials, as necessary.
13. The Charter School shall ensure that teachers in the Charter School hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools is required to hold. As allowed by statute, flexibility will be given to non-core, non-college preparatory teachers.
14. The Charter School under the guidance of BOMUSD will ensure that Special Education staff is appropriately credentialed.
15. Black Oak Mine Unified School District will not require any pupil to attend the Charter School.
16. The Charter School shall, at all times, maintain all necessary and appropriate insurance coverage.
17. The Charter School shall, for each fiscal year, offer at a minimum the number of minutes of instruction per grade level as required by Education Code § 47612.5(a)(1)(A)-(D).
18. If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.
19. The Charter School shall follow any and all other federal, state, and local laws and regulations that apply, including but not limited to the following:
  - a. The Charter School shall comply with the Public Records Act and the Federal Educational Privacy Rights Act ("FERPA").
  - b. The Charter School shall on a regular basis consult with its parents and teachers regarding the Charter School's educational programs.
  - c. The Charter School shall comply with any jurisdictional limitations to the location of its facilities.
  - d. The Charter School shall maintain accurate written contemporaneous records that document all pupil attendance, academic progress, disciplinary, immunization, and other health records and shall make those records available for audit and inspection upon request.
  - e. The Charter School shall comply with all laws related to the minimum and maximum age for public school enrollment.
  - f. The Charter School shall comply with all applicable portions of the Elementary and Secondary Education Act (ESEA).
  - g. The Charter School shall meet or exceed the legally required minimum number of school days.
  - h. The Charter School will ensure that the eight priority areas as defined in EC Section 52060(d) are closely aligned to the Charter's goals as listed in its LCAP.
  - i. The Charter School shall comply with AB 1266 as defined by the Black Oak Mine Unified School District's Board policies. EC 221.5
  - j. The Charter School will ensure that the minimum school day requirement for students also enrolled part time in college classes are met. EC 46146.5

# Comparison for 2017-19

**Supporting documentation and summary of basis of determination**

ARCS students have scored higher or equal to other students on the 2017-2019 California Smarter Balance Testing in both ELA and Math compared to the other school choices currently offered by the Black Oak Mine Unified School District. These schools include Georgetown Elementary, Northside Elementary and Golden Sierra Junior/Senior High.

## **American River Charter School Motto: “Soaring to New Heights Together”**

<https://arcs.bomusd.org>

### **Introduction & History**

American River Charter School (ARCS) opened in fall 2010-11. Our petition was written in the fall of 2009 by a group of innovative parents, staff, and the superintendent. It was approved by the Black Oak Mine Unified School District Board of Trustees in January 2010, the State of California in May 2010 and renewed in 2015. We are a unique school with two program options.

Our program is designed to educate students in grades K-12. We currently have a K-8 site-based school, located in Georgetown, and a K-12 home school program serving students on the Georgetown Divide and surrounding communities. Our school began with 150 students and we have grown each year. We had an average school enrollment of 200 students last year. This year, our enrollment is up to 250.

### **Educational Philosophy**

ARCS is designed to educate students in grades K through 12 who need or desire an alternative learning model to traditional education. Our two programs are based on a structure that meets the needs of our students, provides consistency of programs, and facilitates connections between students, curriculum and the real world. In the beginning, our vision included a small Waldorf-inspired class, and even though that class did not continue past the first year due to low enrollment, a stronger and more successful American River Charter School evolved. We are growing and still meeting the needs of our students and families.

This year we increased our classified and certificated staffing to help address the needs of our LCAP academic and technology goals. In addition to our home school resource center, we have also designed a career and counseling center which will serve the needs of both site and home school students.

American River Charter School certificated teachers prepare lessons and assignments that are aligned with the Common Core Standards and reflect students’ interests. By encouraging students to pursue their interests, talents and passions, American River Charter School will enable students to become self-motivated, competent lifelong learners while pursuing academic competencies and requirements.

The key feature of our instructional approach is individualized learning programs where students are provided alternative educational approaches. Students learn in a variety of ways and are guided in assessing their individual learning styles. A student's learning opportunities might include the following: alternative class settings, such as but not limited to, cooperative small group classes, online courses, tutoring, contracted instruction with businesses and/or participating schools from within the sponsoring district, Home-based instruction; the use of traditional and nontraditional texts and learning materials; thematic projects and field studies . Eligible students may participate in community college courses, mentorships, and vocational training through existing community programs such as the local Regional Occupational Program. Enrolled home school students may also participate in classes, programs, and activities offered at local schools based upon space availability and student readiness for classes such as lab sciences, higher math, foreign language, visual and performing arts, and athletics.

- Individual students' diverse learning styles, backgrounds and needs are given careful consideration
- Students experience tasks which challenge them and require perseverance, fitness, craftsmanship, imagination, self-discipline, and achievement
- Students are actively engaged in learning experiences which are integrated across curriculum areas and are meaningful within the context of their present and future lives
- Students are engaged in real-life studies, exposed to experts and work on authentic projects
- Learning opportunities provide information to ponder, experiment, and time to assimilate

While the traditional school setting is able to meet the needs of the majority of students, there is a growing need within our community for children and parents seeking an alternative learning environment. This program appeals to a wide variety of students. The goal of working individually and in small groups with students most particularly addresses the needs of students with learning differences. Students who fail to meet defined student outcomes may be referred by their teacher or parent to a Student Study Team (SST). At the SST meeting, parents, staff, professionals and sometimes the student will strategize on how to utilize resources within the charter school program to improve student success. Students who participate in special education programs will have their special learning needs addressed in their Individualized Educational Plan (IEP). Other students whose learning issues are not addressed by special education programs may be addressed on an individual basis through general school resources. We are in partnership with EDCOE Special Education Programs, SELPA and Behaviorist for support and resources. Our staff was also trained in PBIS (Positive Behavior Supports

Intervention) this year. We are working on our school culture as an LCAP goal. We believe and practice: ARCS students are Respectful, Caring, and Safe.

## Programs Offered

### **ARCS Site-Based Program**

ARCS provides a K-8 thematic instruction design that allows for hands on, multi-aged, experiential learning in a site-based delivery model. We provide an art-infused curriculum with integrated music and art projects resulting in performances and community displays of learning. We provide outdoor educational opportunities through camping trips, nature studies and science activities in the Georgetown Nature Area.

Our staff focus is on the whole child. We emphasize learning by doing, with particular focus on character growth (life skills), teamwork, reflection, literacy, and the arts. Teachers connect quality academic learning to adventure, service, and character development through a variety of student experiences including interdisciplinary and project-based learning.

### **ARCS Home School Program**

ARCS provides a K-12 individualized learning model that allows students to participate in instruction at home and through parent selected vendors. The mission of the home school program is to support parents as the primary teachers of their children through positive collaboration between students, parents, and professional educators. Those participating in the ARCS home school students may also participate in district wide program offerings, like sports and high school electives,

A-G math and science classes from district schools based upon space availability and scheduling. Students also have access to A-G and Advanced Placement courses through multiple accredited online programs. Our model provides services and resources to homeschooling families through a dedicated budget allocated per pupil on a semester basis.

### **Home School Teacher (ST) shares:**

*"I love that a family can start and finish with ARCS. It is such a joy to see the students progress through the years. ARCS has so very much to offer with its ability to create a customized program that meets the students' unique needs. Parents love that we care and invest ourselves with their children. I love that part also!"*

## Technology at ARCS

- ARCS boasts a 1:1 student to device ratio from 1st through 12th grade
- All classrooms are equipped with Trutouch smartboard technology
- The ARCS campus utilizes high speed internet and wifi throughout
- Online learning tools and resources are widely used by students in both programs

## Friends of American River Charter School (FARCS)

FARCS is a non-profit parent organization promoting parent involvement to enrich our school. American River Charter School encourages parents and community members to come together in the interest of building community, providing input, and planning events. FARCS depends on parent volunteers to work in the classroom, provide transportation for field trips, organize special events, serve on committees and coordinate fundraising events.

In addition to FARCS fundraising efforts, grants have been applied for, received, and utilized to support our unique programs. Some examples are; a college preparedness grant from the State of California, a grant from American River Conservancy, and grants from local community businesses. We are continually seeking additional revenue sources to support our students in their individual learning adventures.

## **Past Five Year Review**

- Our students made progress toward our academic goals
- We became WASC accredited as a K-12 school
- Parents were engaged and volunteered many hours each year
- Finances were sound and budgets were balanced with carry-over funds each year
- We hired and retained credentialed staff
- We had clear audits
- Our attendance was over 94% each year
- We had less than 0.3% suspensions and no expulsions in the history of our school
- We have added a two-year kindergarten program to our school options
- We have tremendously increased our use of technology
- We have been true to our mission statement

## **Future Five Year Goals**

American River Charter School staff and parents have worked together to develop our goals for the next five years in conjunction with BOMUSD. As a dependent charter, we want our long term goals to be inclusive of our sponsoring District's LCAP goals.

- We will continue offering a two-year kindergarten program (TK/K)
- Working with the District Curriculum Council, we will use the District recommended assessments in ELA and Math.
- We will support and practice California standards instruction using Guided Language Acquisition Design (GLAD) strategies.
- We will continue to provide opportunities for all students to access state-of-the-art technology and programming.
- Establish grade level specific technology curriculum.
- We will continue to develop a Visual and Performing Arts program-rich culture for our students.
- We will continue to engage our students in researched-based instructional practices.
- We will continue to use Positive Behavior Intervention Strategies (PBIS), Love and Logic as well as other programs to support positive classroom management and school-wide discipline and culture.
- We will align our Charter to the State priorities where they are applicable to charters.
- We will pursue WASC accreditation renewal for a term of five years
- We will work to design and implement a hybrid home school program offering two day a week instruction for interested families.

## **Element 1: Educational Program**

### **Mission Statement**

American River Charter School provides a rigorous, challenging, and adventurous education. We strive to offer engaging programs which are responsive to student and family needs.

High-quality student performance will be the result of passionate instruction. Students will become skillful, curious, life-long learners, creative problem solvers, caring involved community participants, and global citizens. The atmosphere will be respectful, caring and safe.

### **Educational Program and Philosophy**

American River Charter School (ARCS) is designed to educate students in grades TK/K through 12 who need or desire an alternative learning model to traditional education. Our programs are designed to meet the needs of our students. ARCS offers a wide variety of educational programs that utilize state of the art technology, outdoor education opportunities and immersion experiences.

ARCS is a WASC accredited k-12 school. We are currently preparing for our WASC renewal in spring of 2020. We feel that WASC accreditation is extremely important for our students who wish to matriculate to a four year college or university straight from high school. To facilitate this ARCS offers a-g, UC accredited classes from two separate vendors. Advanced Placement courses (AP courses) are also available to the ARCS high school student. We are fortunate to have a strong working relationship with Golden Sierra High School so that ARCS students may partake in their course offerings as well. ARCS promotes multiple avenues for future success as illustrated by ARCS students that take coursework from our local community colleges and ROP classes to help prepare them for the work environment.

We opened the doors with a population of 150 students in 2011. We have seen increases each year and anticipate future growth. Enrollment caps will be managed by ARCS Council subject to the approval of the Board of Trustees of the Black Oak Mine Unified School District, authorizing Local Educational Agency (LEA). Should enrollment exceed 500 students, Black Oak Mine Unified School District (BOMUSD) and the American River Charter School will confer about strategies for accommodating the growth. The program is designed to support a variety of educational options to meet the diverse needs of the student population we serve. ARCS will contract with the Black Oak Mine Unified School District for instructional support including but not limited to: professional development, curriculum selection, course outlines, program design, evaluation of instructional programs, assistance with classroom management, technology support, development of assessment methodology, tools for measuring student progress, and strategies and supports to meet the needs of diverse student learners.

### **ARCS Site Program**

ARCS site program, provides a TK/K-8 thematic instruction design that focuses on creating independent thinkers in a positive, cooperative school community using hands-on curriculum in multi-age classes. Students enjoy an educational option which includes experiential, project-based instruction, an art-infused curriculum, and small class sizes.

See Appendix C- Site Handbook

### **ARCS Home School Program**

The ARCS home school program, provides homeschooling families with a variety of educational options, including a Supervising Teacher for guidance and parent-chosen educational resources. The resources include, but are not limited to: vendor classes, field trips, and instructional supplies. Those participating in the ARCS home school program can also participate in site-based program offerings from BOMUSD schools contingent upon space, availability, and scheduling.

See Appendix C- Home School Handbook

### **Role of Parents/Guardians in Student Education**

ARCS parents have developed a functional parent group, Friends of American River Charter School (FARCS) that is a separate entity from the charter and sponsoring district. The purpose of FARCS is to increase the level of parent support in the overall program and to provide support to the instructional program, welcome and train new volunteers, and assist in the leadership of the school. These groups will be a key support to the ARCS Council as they will be asked for input in program design, modifications, and support through fundraising and field trips.

Parent involvement is an integral part of ARCS as stated in State Priority #3. Parent involvement will be demonstrated in the following ways.

- Parents will fulfill expectations set forth in the American River Charter School Handbook Agreement which is signed upon the student's registration and updated annually.
- Parents are encouraged to be active members of the school community and their input will be gathered through surveys, committees, and meetings.
- Parents will adhere to the volunteer guidelines set forth in the Charter School Parent/Student Handbook and BOMUSD Volunteer guidelines.
- FARCS will assist in fundraising and festivals for the Charter School.

See Appendix C- Site/ Home School Handbook

See Appendix G – LCAP for Priority 6 data

## **How Learning Best Occurs**

We believe learning best occurs when:

- Students' diverse learning styles, backgrounds, and needs are given careful consideration.
- Students engage in tasks which challenge them and require perseverance, fitness, craftsmanship, imagination, self-discipline, and achievement.
- Students are actively engaged in learning experiences which are integrated across curriculum areas and are meaningful within the context of their present and future lives.
- Students are engaged in real-life studies and work on authentic projects.
- Students use state-of-the-art technology, preparing them for the 21st century.

By encouraging students to pursue their interests, talents, and passions, ARCS enables students to become self-motivated, competent, and lifelong learners while pursuing academic success. The key feature of our instructional approach is an individualized learning program where students are provided alternative educational approaches. Students learn in a variety of ways and are guided in assessing their individual learning styles following the Common Core Standards as recommended by State Priority #2 . An individualized learning program might include the following:

- Alternative class settings, such as but not limited to: cooperative classes to on-line courses, tutoring, contracted instruction with businesses and/or participating schools from within the sponsoring district
- Home-based instruction
- Traditional and non-traditional texts and learning materials, as well as thematic projects, and field studies
- Eligible students may participate in community college courses, mentorships, job shadowing, and vocational training through existing community programs, such as the local Regional Occupational Program as well as other locally offered Career Technical Education classes
- Enrolled students may also participate in classes, programs and activities offered at district schools based upon space availability and student readiness for classes. Examples of some classes offered through our district may include lab sciences, foreign language, visual and performing arts, and athletics (As recommended in State Priority #7).

## **Students Not Meeting Defined Outcomes**

Students who fail to meet defined student outcomes may be referred by their teacher or parent to a Student Study Team (SST). At the SST meeting, parents, staff, professionals, and the student will strategize ways to utilize available resources within the charter, district, or county to improve student success using the Response to Intervention model (RTI) as well as other strategies.

**Serving Students with Special Learning Needs**

Students who participate in Special Education programs will have their special learning needs addressed in their Individual Education Plan (IEP) following all requirements of the offer of Free and Appropriate Public Education (FAPE) and in accordance with BOMUSD and our Special Education Local Plan Area (SELPA). Other students whose learning issues are not addressed by the Special Education Programs may be addressed on an individual basis through general school, district, or county resources.

The American River Charter School shall be nonsectarian in its programs, admission policies, employment practices and all other operations. The charter shall not discriminate against any student on the basis of ethnicity, national origin, gender or disability, nor shall it charge tuition.

## Element 2: Measurable Pupil Outcomes

American River Charter School empowers students to fulfill all their learning requirements for graduation in a manner consistent with the philosophy of the school. Students may demonstrate their growth towards student standards in a variety of ways. However, the preferred measurement of learning is through completed assignments, projects, and appropriate formative, summative, and cumulative assessments. Application of critical thinking skills and creative presentation will be encouraged and expected. Pupil achievement will be measured by assessments as appropriate to State Priority #4.

### Outcomes

American River Charter School students' overall outcomes are in alignment with BOMUSD outcomes:

Students will be:

- healthy individuals and exceptional citizens
- effective communicators and academically responsible learners
- curious and imaginative learners
- resourceful, lifelong learners
- critical thinkers with creative presentation skills
- college and career ready

Students, parents and teachers will develop measurable learning goals which will be included in the student's file. Progress toward student learning results will be assessed a minimum of two times a year by the ARCS staff.

Each student will demonstrate growth in the following areas:

- |                             |   |
|-----------------------------|---|
| <u>Growth Area Goal #1:</u> | Reads, writes, and computes effectively.  |
| <u>Growth Area Goal #2:</u> | Applies reading, writing, computation, and communication skills to solve problems.                        |
| <u>Growth Area Goal #3:</u> | Appreciates and respects the history, values, and contributions of diverse cultures.                      |
| <u>Growth Area Goal #4:</u> | Has a sense of civic responsibility and comprehends the political process.                                |
| <u>Growth Area Goal #5:</u> | Applies scientific concepts, and uses technology to explain the world, finding solutions to its problems. |

Growth Area Goal #6: Demonstrates skills and attitudes that allow adaptation to change, valuing of relationships, and working cooperatively with others.

Growth Area Goal #7: Uses special interests, talents, and abilities to think, reason, and produce creatively.

### **Local Control Accountability Plan Goals**

Our Local Control Accountability Plan goals and outcomes are all aligned with the eight state priorities and our LCAP was approved by our authorizing District in the spring of 2019. The ARCS LCAP goals will be measured and updated yearly including all subgroups. Our Local Control Accountability Plan goals and student outcomes include:

#### Goal 1: Academic Goals:

All students will learn the skills and content necessary to make academic improvement in Common Core State Standards. Each student in the charter school is expected to be learning at their grade level and will be given the support needed to be college and career ready when they graduate. This goal will be measured by multiple assessment measures.

#### Goal 2: Technology goal:

Students in grades 1 – 12 will use technology regularly. Keyboarding skills will continue to be developed starting in grade 1 leading toward middle school and high school students submitting final papers and assignments electronically. Students will be prepared for the Smarter Balanced Assessments, learning the SBAC Universal tools and keyboarding skills needed for their success, as measured by data collected on WPM.

#### Goal 3: School Climate goal:

ARCS students will focus on the qualities of respect, caring, and safety. Our behavior management goals for on-site students will focus on these three areas. This goal will be measured by PBIS data collected in baseline year (2014-15) and compared thereafter and recommended in State Priority #6. All students will be encouraged to develop a sense of civic responsibility and learn to respect and value the contributions of others while also developing their own interests and talents.

All students and subgroups, Foster Youth, ELL students, low socio- economic youth, and students with Disabilities will receive support in the way of extra tutors, intervention strategies in the general education program, and small group instruction to help them achieve these goals. We currently have no ELL students in our school, less than 30 students with Disabilities, and less than five Foster Youth. Our specific annual actions are listed in our LCAP and match our outcomes for all subgroups recommended in State Priority #4.

See Appendix G – Local Control Accountability Plan

### **Element 3: Method by Which Pupil Outcomes will be Measured**

#### Assumptions about Assessments

Our choice of methods to assess pupil progress is based on the following six beliefs about assessment:

1. In order to have a complete picture of a student's growth, a multi-tier system of assessments must be used. Assessments should focus on a student's growth towards a proficiency standard rather than comparing a student's performance against other students.
2. There should be a close relationship between a desired student's outcome and the means used to assess it.
3. Assessing what students do with knowledge is as important as assessing what knowledge they have.
4. Assessment should promote and support reflection and self-evaluation on the part of students, staff, and parents.
5. Assessment data will offer a comprehensive method of differentiating support to at risk students and target populations including the Student Study Team process.
6. Alternative school selected assessments will be used to show an increase in students' academic achievement in all groups and subgroups.

#### Assessment Methods

While all students will achieve the required standards by graduation, not all will progress at the same rate. Evaluation of that progress is based on individual abilities, interests, and talents. Based on the above beliefs, methods by which student progress is assessed will be through a variety of the following and will align with our Local Control Accountability Plan:

- Monthly review of work
- Annual portfolios (minimum of two samples per subject area per semester)
- Parent and Teacher observations
- The current state mandated assessment tool administered in spring
- Student work samples – collected frequently
- Student grades
- Student demonstrations of learning
- School selected assessment tools might include for ELA: Basic Reading Inventory, the San Diego Quick Word Recognition test, Accelerated Reading STAR Diagnostic assessments, and District Writing Assessment
- Field studies
- Participation in enrichment activities and class
- American River Charter School will administer the current state mandated assessment tools during the state-approved testing windows in alignment with those of BOMUSD.

## **Element 4: Governance Structure**

### **Structure**

The American River Charter School shall be governed by the Board of Trustees of the Black Oak Mine Unified School District, which will serve as the charter board of the American River Charter School. Notwithstanding anything in this petition to the contrary, the Board of Trustees of the Black Oak Mine Unified School District has final decision-making authority over all financial, operational (including staffing), and other matters for the American River Charter School. The Board of Trustees may, from time to time and in its sole discretion, delegate this authority to one or more individuals or entities, to the extent permitted by applicable law.

The American River Charter School will also have a Charter Council (ARCS Council), which will be responsible for making recommendations to the Board of Trustees. The ARCS Council will be governed by bylaws established and approved annually by the council. The council will be comprised of 50% parents, students and community members and 50% staff of the ARCS plus one member to be appointed by the Black Oak Mine Unified School District Board of Trustees. The member designated by the Black Oak Mine Unified School District Board of Trustees will serve until his or her replacement is appointed by the Board of Trustees. For purposes here-of, the term “parents” includes step-parents and legal guardians. Staff members on the council shall be elected by all staff members with one vote per employee.

If a community representative is not found to fill the position within three months, a parent may be appointed by the ARCS Council to serve the remainder of the term. If a parent is not available then a staff member may be appointed by the ARCS Council to serve the remainder of the term.

The Brown Act will govern all activities of the ARCS Council.

See Appendix F – ARCS Council By-Laws

### **ARCS Council Responsibilities**

The ARCS Charter Council is responsible for recommending modifications to the school Charter Petition, if necessary. Any ARCS Council recommendations to amend the school Charter Petition must be approved by the Black Oak Mine Unified School District Board of Trustees prior to implementation.

The ARCS Council will meet at least quarterly, but as frequently as needed to accomplish the tasks assigned to the Council. Announcements of all ARCS Council meetings will be posted in appropriate places to conform with the Brown Act. The American River Charter School will be annually evaluated by the ARCS Council. The evaluations will be used to determine the effectiveness of the Charter School programs and provide direction for program improvements.

The ARCS Council will provide input and recommendations to the Director regarding the American River Charter School Budget.

Membership and its definitions, succession, voting rights, termination of membership, resignations, and vacancies are covered in detail in the by-laws. The procedure followed for conducting elections and soliciting candidates is also delineated in the by-laws.

### **Administrator's Responsibilities**

The American River Charter School Administrator shall continue to assure:

- Evaluation of staff in relationship to approved policies and procedures and in accordance with the California Standards for the Teaching Profession (CSTP's)
- Update ARCS Council regarding selection and assignment of staff
- Oversight of school site plan
- Development of the Charter Budget with input from the ARCS council for approval by the BOMUSD Board of Trustees
- Development of the Local Control Accountability Plan with input from the ARCS council for approval by the BOMUSD Board of Trustees
- Coordination of the charter school operations in conjunction with BOMUSD
- Development of the annual school calendar
- Development of the employee handbook and communication with employees affected by the handbook, subject to the Board of Trustees of the Black Oak Mine Unified School District
- Day to day operations of the Charter School in accordance with the California Standards for Professional Educational Leaders (CPSEL's)

### **Charter School Staff Meetings**

The ARCS staff will meet as needed to monitor the daily operations, curriculum, and development of the programs and options offered in the Charter School.

### **Charter School Administrator and Superintendent**

The ARCS administrator will coordinate and facilitate the general operations of the Charter School and meet as needed with Black Oak Mine Unified School District administration.

### **The Board of Trustees of the Black Oak Mine Unified School District**

The Board of Trustees of the Black Oak Mine Unified School District is the governing body of the American River Charter School. The Board of Trustees will appoint a representative to serve on the American River Charter School (ARCS) Council. The results of both the annual parent evaluation and student assessments results will be shared with the Board annually.

## **Element 5: Qualifications of Individuals Employed**

Individuals employed by our school should be models of those characteristics we wish to nurture in our students. They will display a continuing passion for learning and strive for excellence in their chosen field. They will be intelligent, flexible, open to the process of personal growth, and skilled in communication. Their accomplishments and competence may be demonstrated by experience working with children under the guidance of recognized experts, or by reputation, and high regard in the community. In addition, all teachers will possess a valid California Teaching Credential.

Qualities in a Charter Teacher and Charter Administrator will be sought after as delineated in the ARCS Charter School Petition. Teachers, parents, and other stakeholders will be actively involved in the selection of these candidates. The ARCS Charter Council is responsible for making recommendations regarding the structure of the school including the type of administration with ultimate authority resting with the BOMUSD Board of Trustees. Some options for consideration may include but not be limited to: a self-governance model, contracting with the BOMUSD for technical support or a separate administrator. Should the ARCS Charter Council hire their own administrator, the Charter Administrator will solicit evaluative feedback from teachers and other key stakeholders annually and be evaluated annually by the BOMUSD Superintendent or designee in accordance with BOMUSD policies and procedures with input provided by the ARCS council. The BOMUSD will at all times provide oversight in regards to governance, support and technical assistance to the ARCS. The Board of Trustees of Black Oak Mine Unified School District or its designee(s) will have final decision making authority over staffing matters.

Documents relating to employee qualifications shall be maintained on file at Black Oak Mine Unified School District and shall be subject to periodic inspection by Black Oak Mine Unified School District.

Qualifications for any other full-time, part-time or temporary employee shall be determined by the Black Oak Mine Unified School District Board of Trustees based upon recommendations from the ARCS administrator.

## **Element 6: Procedures to Ensure Health and Safety**

To ensure the safety of students and staff, California Education Code (C.E.C), Section 44237, shall be followed in regard to salaried employees. Immunization and other health-related issues of employees and students of American River Charter School will be addressed in accordance with existing board policy and applicable law. All certificated and administrative staff shall receive training in emergency response, including appropriate "CPR" training or its equivalent.

All employees of the school must submit to a criminal background check and furnish a criminal record summary as required by Education Code Section 44237. Safety reviews, employee record checks (i.e. C.E.C Section 44237) and program, transportation, and building use standards and practices shall be performed as needed and as is consistent with appropriate laws, Charter School Statutes, and Black Oak Mine Unified School District policy. An on-site designee shall oversee proper reporting procedures for building/grounds safety issues, injuries, or other health/safety related problems.

American River Charter follows the same BOMUSD Board policies in regard to: Non Discrimination and Harassment BP5145.3, Sexual Harassment BP 5145.7, Hate Motivated Behavior BP 5145.9, Bullying Sect 5131.2. We will follow district guidelines for Ed Code Section 221.5.

All school facilities shall function as a drug, alcohol, and tobacco free workplace. School climate will be measured through the Annual School Survey as recommended in State Priority #6 and reported in the Annual Report.

See Appendix D Annual Report

See Appendix E Comprehensive School Safety Plan

## **Element 7: Means to Achieve Racial and Ethnic Balance Reflective of District**

American River Students will be considered for admission without regard to ethnicity, national origin, gender, or disability. American River Charter School will seek to maintain racial and ethnic balance among its pupils that is reflective of the general population within the territorial jurisdiction of Black Oak Mine Unified School District through the open enrollment policy of the Black Oak Mine Unified School District.

## **Element 8: Admissions Requirements**

### **Non Discrimination Statement**

The American River Charter School (ARCS) is a nonprofit, coeducational, English-language, public charter school open to all applicants living in El Dorado County and all contiguous counties without discrimination on the basis of actual or perceived disability, gender, nationality, race, or ethnicity, religion, sexual orientation, level of English, or any other prohibited characteristic. ARCS also adheres to all provisions of federal law related to students with disabilities, including Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities in Education Improvement Act of 2004. Students enrolled at the ARCS shall not be required to pay a pupil fee for participation in any educational activity. (Section 49011) (a)

### **Priority Procedures**

The priority procedures for admission and the filling of open seats in the classroom will follow the procedures outlined in the Charter School Parent/Student Handbook.

Prior to being admitted into the American River Charter School, students and parents will be required to:

- Understand the charter school's philosophy.
- Select the student's educational program or option.
- Sign and agree to abide by the guidelines set forth in the Charter School Handbook Agreement
- Sign and agree to abide by the guidelines set forth in the Independent Study Master Agreement
- New families will participate in an intake conference.

Within the first year of being admitted to the American River Charter School, in order to remain in the American River Charter School, students and parents will be required to demonstrate they can:

- Adhere to the American River Charter School Handbook Agreement.
- Adhere to the American River Charter School Independent Studies Master Agreement
- Participate and be involved in the educational program.

Students are considered for enrollment into American River Charter School as follows:

### **Open Enrollment**

- For Transitional Kindergarten, open enrollment ends the last Friday in February if they will be 5 years of age by December 1 of the same year. TK is a two year Kindergarten option.
- For Kindergarten, open enrollment period for siblings of those already enrolled in American River Charter School for 1 year ends the last Friday in January.
- Open enrollment period for kindergarten ends the last Friday in February for the next school year.

- Open enrollment for grades 1 - 12 ends the last Friday in February for the next school year.
- The charter school shall comply with all existing laws establishing minimum and maximum age limits for attending public school.
- Once enrolled, ARCS students receive guaranteed placement in subsequent years dependent upon parent and student signatures on Student Agreements signed and complied with each year of enrollment. For students participating in the American River Charter School Home Study Academy, student agreements must be signed and complied with each year.

As it is expected that the combination of continuing students and applicants will exceed capacity each year, available spaces will be filled through a public random drawing (i.e. lottery) conducted according to the California Education Code and the provisions of our Charter. Lottery procedures are defined below. We include all applications received during the published enrollment window in the lottery, without consideration for the order received. Each applicant included in the lottery receives placement in the school at the appropriate grade level or a numbered position on our waiting list for that grade level. We do not accept applications received later than the published closing day and time for the enrollment window. If a spot becomes available and the waitlist has been exhausted for the grade involved, a subsequent open enrollment period will be held for that grade only.

Per the terms of our Charter and the California Education Code, students must be 5 years old by September 1 to enter kindergarten and 6 years old by September 1 to enter 1st grade. We may review the placement of individual students after a six-week trial period to determine if that are developmentally appropriate for that grade level.

### **Lottery Process**

Due to the divergent geographic area and grade spans served by this charter school, a lottery may be held for a specific geographic area or grade level, not the whole school.

- Any public lottery for American River Charter School will be held on or before the first and third Monday of the month following the determination that a lottery is necessary
- All names selected in the lottery draw are assigned a number and entered onto a waiting list in order of their selection. When the waiting list is exhausted, new applicants will be eligible for the next lottery draw.
- All drawings will be held at noon.
- Three people must be present at a lottery drawing.
- A log will be kept of all applicants in the drawing and their assigned number.

Preference for admission shall be given to siblings of currently enrolled students, as well as students residing within the Black Oak Mine Unified School District. Admission will be dependent upon parent and student signatures on Student Agreements signed and complied with each semester of enrollment. American River Charter School seeks to admit children ensuring that the educational program provides the least restrictive environment.

The American River Charter School shall be nonsectarian in its programs, admission policies, employment practices and all other operations. The charter will neither discriminate against any student on the basis of ethnicity, national origin, gender or disability, nor shall it charge tuition.

### **Family Participation**

ARCS encourages family participation. Believing that family involvement improves both the educational process and organizational success of ARCS, families are requested to provide three hours of monthly service to the School. Options for serving these hours of service include classroom assistance, field trip chaperoning, Saturday school site workdays, committee and workgroup assignments, office work, school meetings, and much more. Every family will have an opportunity to find a meaningful way to contribute time to ARCS.

As a public school, our school cannot and does not charge tuition. We receive basic funding from the State of California. Groups that support ARCS such as FARCS and other community organizations will operate independently from the school for the sole purpose of supporting the school.

### **Special Education Instruction and Services**

As a charter school authorized by the Black Oak Mine Unified School District (District), the American River Charter School operates as a public school of the District for all special education purposes. Accordingly, students eligible for special education who are enrolled in ARCS shall receive special education services in accordance with their Individualized Education Programs (IEP) and in the same manner as any other student enrolled in the District. The District, as the local education agency for special education purposes, offers special education instruction and related services that may be unavailable on the ARCS school site. Accordingly, an ARCS student requiring special education services may receive such services from the District at another site in the District or as otherwise arranged by the District in accordance with the student's IEP and the policies of the District and Special Education Local Plan Area (SELPA).

Special education placements and related services available on site at ARCS may include general education inclusion, a resource specialist program, speech and language therapy, and other designated instructional services. Other special education placements and services may be available off-site in the District as called for in a student's Individualized Education Program. ARCS shall not discriminate against any student with disabilities in the ARCS admissions and enrollment process.

In compliance with Federal and State laws and regulations governing special education services, services for eligible students will be provided through the Black Oak Mine Unified School District, the Local Education Agency of the El Dorado County Special Education Local Plan Area (SELPA). These services may include Search and Serve, referrals for special education services, assessments and identification, IEP meetings, consulting, direct student service, and administrative services. The American River Charter School shall be responsible for an appropriate share of special education encroachment costs in accordance with the California Education Code, as determined in the sole discretion of the Board of Trustees of the Black Oak Mine Unified School District.

**Previously Expelled Students**

Students who have been expelled or have school records showing recurrent behavior/disciplinary problems will require special consideration by the Black Oak Mine Unified School District Board of Trustees and may not be accepted for enrollment.

## **Element 9: Financial Audits**

### **Programmatic Operation and Annual Audit**

A qualified auditor, which shall employ generally accepted accounting practices applicable to the school, will perform an annual financial audit of American River Charter School. The audit will be part of Black Oak Mine Unified School District's audit. Such an audit shall at a minimum verify the accuracy of the school's financial statements, revenue-related data collection and reporting practices, and examine the school's internal controls.

It is anticipated that the annual audit shall be completed reasonably promptly after the close of the fiscal year. A copy of the auditor's findings shall be forwarded to the Black Oak Mine Unified School District. Procedures and/or processes that caused the exceptions and deficiencies shall be modified to meet the auditor's specifications. Such modifications shall be sent to the Black Oak Mine Unified School District Board within three months of the auditor's report. In addition to a regular financial audit, American River Charter School will produce and provide to Black Oak Mine Unified School District an annual performance audit. The Programmatic Audit will, at a minimum, include the following data:

1. A copy of the ARCS Council's self-evaluation on prior year management performances, summary of major decisions and policies established during the year, and the upcoming year's goals.
2. Data on the level of parent and staff involvement in the school's ARCS Council (and other aspects of the school, if applicable) and summary data from an annual parent and staff survey.
3. Data regarding the number of staff working at the school and their qualifications.
4. An overview of the school's admissions practices during the year and data regarding the numbers of students enrolled, the number on waiting lists, and the number of students expelled and/or suspended.
5. Analysis of the effectiveness of the school's internal and external dispute mechanisms and data on the number and resolution of disputes and complaints.  
See Appendix D – Annual Report

## **Element 10: Pupil Suspension and Expulsion**

### **Policies**

American River Charter School will follow the student policies of Black Oak Mine Unified School District. These suspension or expulsion policies will be posted on the school's website and available in the school office. The master contract and school handbooks will clearly describe the school's expectations regarding discipline, attendance, mutual respect, substance abuse, violence, safety, and work habits.

The school director may suspend students who fail to comply with these policies at any time in accordance with the California Education Code. Students who habitually fail to comply with these policies and/or who present an immediate threat to health and safety may also be suspended and later expelled by the Black Oak Mine Unified School District Board of Trustees. Prior to expulsion, students will be accorded due process unless the student's conduct presents an immediate threat to the health or safety of others. The school will notify the district of any expulsions and will include suspension and expulsion data in its annual performance. For students with an IEP, guidelines for suspension and expulsion will be followed as per the BOMUSD Policies.

### **Dismissal from the American River Charter School**

Charter student and parent members may be disenrolled for non-compliance with the terms of the Charter School Parent/Student Handbook and/or the American River Charter Program Agreement signed by the student, parent and teacher.

See Appendix C- Site/ Home School Handbook

## **Element 11: Staff Retirement System**

All employees of American River Charter School shall participate in the school-sponsored retirement plans according to approved ARCS policies. These may include but are not limited to STRS and PERS.

## **Element 12: Attendance Alternatives**

All students who reside in the Black Oak Mine Unified School District who do not wish to attend the American River Charter School may choose to attend the school district's other schools within the Black Oak Mine Unified School District.

## **Element 13: Description of Employee Rights**

Employees of this Charter School will participate in STRS, PERS, or Social Security depending upon each individual's eligibility. No district employee will be required to work at the Charter School (Ed. Code 47605 (3)(e)).

### **Employee Rights**

Employee rights and terms of employment for ARCS employees will be governed by individual employment contracts and/or other ARCS policy statements, which may be set forth in employee handbooks or other documents.

Existing Black Oak Mine Unified School District employee agreements, contracts, or policies relating to school district or school district personnel may not cover American River Charter School employees. Employees covered by existing Black Oak Mine Unified School District employee agreements that transfer to American River Charter School staff, are no longer covered by Black Oak Mine Unified School District collective bargaining agreements.

### **Procedure for request of a leave of absence**

Any site based half-time or more Charter School Certificated Employee may enter into an agreement regarding a request for a leave of absence with the American River Charter School according to the following specifications: This agreement specifies the dates for break in service and reinstatement with a future contract. Written notification requesting such an agreement must be received by American River Charter School administrator prior to March 1st of the previous school year. The agreement states when a break in service would occur and when a new contract would be issued if enrollment so warrants. Willingness to enter into this agreement is at the discretion of the Board of Trustees of the Black Oak Mine Unified School District based upon the recommendation of the American River Charter School Administrator.

See Appendix F – Personnel Policies Handbook

## **Element 14: Dispute Resolution Process**

### **Intent**

The intent of this dispute resolution process is to: resolve disputes within the school pursuant to the school's policies, minimize the oversight burden on the district, ensure a fair and timely resolution to disputes, and frame a charter oversight and renewal process and timeline so as to avoid disputes regarding oversight and renewal matters.

### **Public Comments**

The staff and ARCS Council members of American River Charter School and Black Oak Mine Unified School District agree to attempt to resolve all disputes regarding this charter pursuant to the terms of this section. Both shall refrain from public commentary regarding any disputes until the matter has progressed through the dispute resolution process.

### **Disputes Arising from Within the School**

Disputes arising from within the school, including all disputes among and between students, staff, parents, volunteers, advisors, partner organizations, and ARCS Council members of the school, shall be resolved pursuant to Black Oak Mine Unified School District Board policy, including the Uniform Complaint Procedure.

The Black Oak Mine Unified School District shall not intervene in any such internal disputes without the consent of the ARCS Council of the school and shall refer any complaints or reports regarding such disputes to the ARCS Council and/or director of the school for resolution pursuant to the school's policies. The district agrees not to intervene or become involved in the dispute unless the dispute has given the district reasonable cause to believe that a violation of this charter or related laws or agreements has occurred, the Charter Council of the school has requested the district to intervene in the dispute, or it otherwise determines that its intervention is in the best interests of the ARCS, the Black Oak Mine Unified School District or any other relevant constituency.

### **Disputes Between American River Charter School and Black Oak Mine Unified School District**

In the event that the ARCS or Black Oak Mine Unified School District have disputes regarding the terms of this charter or any other issue regarding the school and the district relationship, both parties agree to follow the BOMUSD complaint process identified in the BOMUSD Board Policies and Administrative Regulations.

The Board of Trustees of the Black Oak Mine Unified School District has decision making authority over all matters relating to ARCS, and nothing in this section shall limit the authority of the Board of Trustees to finally and conclusively make any and all determinations regarding ARCS and its operations, including with respect to disputes between ARCS and the Black Oak Mine Unified School District.

### **Oversight, Reporting, Revocation, and Renewal**

If the Board of Trustees for the Black Oak Mine Unified School District believes it has cause to revoke this charter, the board agrees to notify the ARCS Council of the school in writing, noting the specific reasons for which the charter may be revoked, and grant the school reasonable time to respond to the notice and take appropriate corrective action.

The Black Oak Mine Unified School District agrees to receive and review the annual fiscal and programmatic audit and annual performance report as specified above. Within two months of the receipt of this annual review, Black Oak Mine Unified School District must notify the ARCS Council of the school as to whether it considers the school to be making satisfactory progress relative to the goals specified in this charter. This annual notification will include the specific reasons for the Black Oak Mine Unified School District conclusions. If, in its review of the school's annual report, Black Oak Mine Unified School District determines that the school is making satisfactory progress toward its goals, this charter, and any mutually agreeable amendments, is renewed for a term of no less than five years.

### **Element 15: Labor Relations**

The ARCS will be the exclusive public school employer responsible within the meaning and for the purpose of Education Code Section 47611.5.

## **Element 16: Method for Change to the Charter/Closure of the Charter School**

### **Methods for Change**

The process for change to the Charter Document is as follows:

- A. Ideas for change may originate anywhere.
- B. Recommendations come to the ARCS Council through one of its members for consideration.
- C. The ARCS Council will consider and reach a decision through consensus for the proposed recommendation for additions, deletions, and modifications to the Charter Document.
- D. Recommendations for additions, deletions, and modifications to the Charter Document from the ARCS Council will be brought to the Board of Trustees of the Black Oak Mine Unified School District for approval.

The intent of this specific outlined process is to increase communications regarding changes and allow the ARCS to operate in a responsive timely manner.

### **Closure of School**

Listed are the procedures that will be used in the event that ARCS closes. This closure could be due to the Board of Trustees of the Black Oak Mine Unified School District or the State Board of Education's revocation of the charter, or American River Charter's decision to voluntarily close.

- A. Notification will be given to the ARCS community in regards to the pending closure. This will be done in written form and at least one community meeting for each of the following constituents will be held: Students, Parents/Community, and Staff. The purpose of these meetings will be to discuss the particulars of the school closure and the manner in which parents/guardians may obtain copies of student's records.
- B. Every effort will be made to forward student records to the appropriate new schools, all other records will be forwarded to the Black Oak Mine Unified School District Office, including a list of students in each grade level and the classes they have completed.
- C. All outstanding debt shall be paid to the extent that funds are available. A final audit will be conducted by the Black Oak Mine Unified School District's auditor.
- D. Any assets that exceed liabilities will be distributed to the Black Oak Mine Unified School District which will assume all rights and title to such assets.
- E. Notification to the California Department of Education and County Office of Education
- F. Completing and filing any Annual Reports required in pursuit of Education Code 47604.33. The charter authorizing entity should send a notice of the school closure to the Charter Schools Unit at the CDE and the El Dorado County Office of Education. The notification should include the following information:
  1. Charter school name, charter number and CDS code
  2. Date of closure action
  3. Effective date of the closure, if different
  4. Reason for the closure (Specify revoked, not renewed or other reason. If the charter is revoked pursuant to Education Code sections 47604.5 or 47606, or not renewed pursuant to Education Code Section 47607, the notice should clearly state that the charter has been revoked or not renewed, as appropriate. If it is being closed for other

reasons, the notice should specify the reason(s) and clarify that the charter school is being closed, but not revoked.)

- G. After receiving the notification of closure, CDE will notify the charter school and the authorizing entity if it is aware of any liabilities that the charter school owes the state, such as overpayment of apportionments, unpaid revolving fund loans, grants, etc. The CDE may contact the county office of education or independently contract for an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.
- H. Notification to Receiving Districts - The charter school or authorizing entity should notify any school district that may be responsible for providing education services to the former students of the charter school so that the receiving district(s) may assist in facilitating student transfers.

The Black Oak Mine Unified School District Board of Trustees approved the Charter Petition for the American River Charter School.

Dated this 14th day of January, 2020 by order of the Board of Trustees of the Black Oak Mine Unified School District upon a vote of ayes and nays.

---

Darcy Knight, President of the Black Oak Mine Unified School District

---

Jeremy Meyers, Superintendent of Black Oak Mine Unified School District
